ABOUT THE SCHOOL

BLUE HILLS COLLEGE is a private Christian-based learning institution registered with ISASA, and offering the IEB curriculum. Since its formation, the school has grown from strength to strength. Over the years, BHC has instilled a culture of discipline, respect, zeal to excel and unity in the student body. This is the character of the school whose mission is to facilitate the development of the intellect of young South Africans; promote spirituality among all the learners and inculcate appropriate societal norms, values and beliefs into the minds of the young people. With such a mission, the school has always produced total and useful citizens out of all who join BHC, and this is achieved with honour and pride. Our belief is that "it takes a village to raise a child" (Julius Nyerere) hence every member of staff and parent has a role to play to build our young people. Always vibrant with life, BHC is a desirable place of learning, and welcomes all those who want to share the experience.

BLUE HILLS COLLEGE OFFERS

- An IEB Curriculum with an emphasis on Critical Thinking.
- Christian Based Education, which develops a strong value and cultural system in our learners.
- A variety of extra mural activities to support the physical growth of our learners
- A team of dedicated staff members, who are always ready to nurture and support the holistic development of our learners.
- State of the art classrooms, well equipped for the 21st century e-learning environment.
- Stunning location, with evergreen lawns, on a 17-hectare plot away from the ever-tempting malls and the noisy city.
- Comfortable boarding facilities to groom learners to be independent and responsible young people.
